## **IMPORTANT INFORMATION FOR OUR ENGLISH SPEAKING CITIZENS**

The Alaior City Council reports on the measures taken to help prevent the advance of COVID-19 (coronavirus):

- From Monday, and for two weeks, classes are suspended at the Municipal Music School, the Adult School, the Drawing School and the Es Pouet School, as well as in other schools and institutes in the municipality, which will also be closed.
- All Cala en Porter facilities will be closed from Saturday and initially, during two weeks.
- All the activities that take place in Cala en Porter are also suspended, initially, during two weeks.
- From Saturday, all activities that take place in the Municipal Sports Center, the Los Pinos Municipal Field and other municipal sports facilities will be suspended.
- We make the express recommendation to the other social, neighborhood, cultural and sports entities that they cease to carry out their activity.
- On the other hand, the Alaior Municipal Government announces the closure of the Alaior Municipal Public Library, the Youth Center and the Escorxador.
- All cultural, social and sport events organized by the consistory are also suspended, initially during fifteen days.

Likewise, we appeal to the individual responsibility of each of the citizens in order not to favor the spread of the virus, incorporating those prevention measures already known: maintaining good personal hygiene: frequent hand washing, avoiding contact with hands, nose and eyes, cover your mouth and nose with a disposable tissue or your elbow if you cough, or respect a minimum distance of one meter with people who have symptoms associated with this disease, such as fever, cough, or feeling of shortness of breath.

It is recommended, in case of having the aforementioned symptoms, to communicate by telephone with 061, and in no case go to the health or emergency center.
