IMPORTANT INFORMATION FOR OUR ENGLISH SPEAKING CITIZENS ABOUT THE STATE OF ALARM

The Alaior City Council reports:

The Spanish Government decrees the State of Alarm

The Council of Ministers has approved the Royal Decree Law declaring the State of Alarm throughout the State, for fifteen days, which could be extended with the authorization of Congress, if necessary.

In this way, the decree and the measures that we detail below have entered into force:

1. During the validity of the State of Alarm, people may only circulate on public roads to carry out the following activities:

- Acquisition of food, pharmaceuticals and basic necessities.
- Assistance to health centers.
- Displacement to the workplace and return to the place of habitual residence.
- Assistance to the elderly, minors, dependents and people with disabilities.
- Displacement to financial and insurance entities due to force majeure or necessity.

2. Moving can only be done individually, unless accompanying people with mobility difficulties.

3. The Security Forces and Bodies of the State, the Autonomous Communities, Local Corporations and Civil Protection are under the

command of the Interior Minister. In addition, when necessary, the Armed Forces will act.

4. Educational activity is suspended in all schools, university centers and at all levels of education, but classes will be maintained through online modalities.

5. All retail commercial activity is suspended, with the exception of food, beverage and basic necessity shops, pharmaceutical, medical, optical, orthopedic, hygienic, press, fuel, tobacconist, technological equipment and telecommunications, pet food, dry cleaners, hairdressers, e-commerce, telephone or correspondence.

6. The opening to the public of museums, libraries, monuments, premises and establishments in which public, sports and leisure shows take place is suspended.

7. Hostelry and Restaurant activities are suspended, being able to exclusively provide home services.

8. Assistance to places of worship and civil and religious ceremonies, including funerals, are conditioned on the need for crowds to not occur, depending on the characteristics of the spaces/rooms, so as to respect the possibility to keep the safety distance of at least one meter.

9. The Government will guarantee the supply of basic necessities, sanitary products and energy supply.
